Dear Parents/Carers,

Merley's 50 Outside Adventures

At Merley, we are always striving to find new ways for our children to flourish and feel passionately that engaging children in nature will foster awe and wonder of the natural world.

With this in mind, I am very excited to share with you our new venture:

Merley's 50 Outside Adventures.

Alongside our Personal Development and Magical Merley Memory activities, the children will now also complete 50 outside activities that will take place during their time at Merley First School. These activities will range from flying a kite to cloud watching or making wild crowns.

Some of these activities will take place as part of a lesson, some will be their Magical Merley Memory activity and others will be an additional enrichment opportunity.

Research suggests that the more time children spend outdoors before they are 12, the more likely they will continue this later on in life which will ultimately impact their wellbeing both now and in the future.

We look forward to sharing the children's adventures with you. Look out for the half term updates in the newsletter!

Kind regards,

Miss Legge
