

## Year 4 Egyptian Homework

This term we would like to give you the opportunity to create your own Egyptian project at home. We are going to be learning about the Egyptians but there may also be research that you want to complete yourself. We would like you to undertake a project on an area of your choice; this could be Egyptian pyramids, clothing, writing or any other area that interests you.

Your task is to create something for our Egyptian Gallery which will be shared with the rest of the school. There is no expectation for you to go out and buy things for the project, try and use what you already have at home! Make your creations and resources a **reasonable** size so you are able to carry it by yourself into the gallery.

Please bring your completed project in on Thursday 2nd July ready to share with the school on Friday 3rd July. Please **do not** bring them in before this date because we will not be able to store them safely!

Here are some ideas!
